

T1 Slim Bluetooth Speaker Basic Use

Turning on/off the Speaker

Operate

- Turning MP3 Function ON

Press TF-Function key and hold for 3 seconds until you see the green indicator light, and release.

- Turning MP3 Function OFF

Press TF-Function key and hold for 3 seconds until you see the blue indicator light stop flashing, and release.

- Turning Bluetooth ON

Press Bluetooth-Function key and hold for 3-4 seconds until you see the blue indicator light start to flash, and release.

- Turning Bluetooth OFF

Press Bluetooth-Function key and hold for 2-3 seconds until you see the blue indicator light diminish, and release.

Pairing your Speaker and phone

1. Ensure the speaker's Bluetooth function is off before pairing
2. Press the Bluetooth-Function button for 8 seconds until blue lights blink
3. To allow your phone to "find" the Bluetooth device, consult your phone's operation guide.
4. Your phone should display speaker's name after pairing. Choose "T1" and confirm.
5. You may have to enter Pin=0000, if your phone requires; pairing is started after pin confirmation

***Note:** After pairing is successfully completed, blue indicator light will blink once each three seconds. If pairing is unsuccessful, please try pairing again.

Next time you turn on the Bluetooth function, T1 will pair to the last device it connected before automatically.

Making a call

To make a call, use your phone in the normal way when the T1 is connected to your phone.

- Last Number redial

Press the Bluetooth key twice to redial the last number you called.

Ending a call

To end a call, press the Bluetooth key once.

Answer a call

To answer a call, press the Bluetooth key once after your cell phone rings.

To switch the call between the T1 and a compatible phone, keep pressing the Bluetooth key after the call is connected.

Reject a call

To reject an incoming call, press the Bluetooth key and hold for 2 seconds

Volume Adjustment

To adjust the headset volume, keep pressing the volume key with the logo: "+" or "-"

Mp3 Playing

- Play/Pause:

Press the TF-function once

- Forward/Backward:

Press the volume key once

FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
